

# You won't make a better Investment In 2008

*Simply doing a lot of quotes doesn't make you money – but winning most of those quotes does!*

If you think your competitors have the edge over you when it comes to winning quotes, it's a fair bet they're already using the **Australian Sign & Screen Industry Price Guide**.

For many years the **Australian Sign & Screen Industry Price Guide** has given the Sign, Screen and associated industry professionals the winning edge when quoting jobs. It's a fast and easy way to quote and WIN jobs.

Whether it be 100 fluted signs, printed on a wide format printer, custom vehicle signage, 500 screenprinted T-shirts, illuminated signage or engraving onto brass, the **Australian Sign & Screen Industry Price Guide** means you can quote it quickly and with the best possible chance of winning the job.

The **Australian Sign & Screen Industry Price Guide** is 120 pages of thorough industry research and compilation of shop overheads and product services and costs. At \$110 (plus GST) it is the best value for money purchase you'll make in 2008.
